

# ICLRU UPDATE

## Notes from the Center

[www.iclrु.org](http://www.iclrु.org)

It's really been a busy few week's in the Center. We have 10 new members since the end of the Fall session. And of course, we have been very busy entering all your registration requests. As of this morning, 774 seats have been filled for the Study Groups and 1,483 seats have been filled for the Lectures. Both of these exceed last year's numbers.

Thanks to additional classes being scheduled, it's likely that only one or two study groups will have a waitlist. A few lectures will also have waitlists. On Mon., Dec. 19th we will conduct a lottery to fill the overbooked events. On Dec. 27th we will mail out the final confirmation letters.

*NOTE: IN CASE YOU ARE HAVING TROUBLE FINDING US, THE ICLRU WEBSITE LINK ([www.iclrु.org](http://www.iclrु.org)) IS USUALLY SHOWN AT THE TOP OF THE ICLRU UPDATE.*

*The next Update will be sent on Dec. 30.*

**NO PLATO'S PLACE ON DEC. 21 OR 28! HAVE A HAPPY HOLIDAY & REST YOUR LITTLE GREY CELLS FOR A COUPLE OF WEEKS.**

If you're interested in being a coordinator for the Spring 2012 Session, please send a proposal to Steve Wolf at: [stevengwolf@att.net](mailto:stevengwolf@att.net) The deadline for proposals is JAN. 13, 2012. Do it now...Get it done before the Holidays! Here's the link to the form online: [Study Group Proposal Link Here](#)

- Prairie Center for the Arts, Schaumburg:
- The Presto! Holiday concert is an award-winning youth symphony orchestra.
- Adults: \$24, Seniors & Students: \$15
- December 17 at 3:30pm & 7:30pm
- Call for ticket info: 847-895-3600
- **Frost on the way? Ice-proof your windows with vinegar!**
- Just fill a spray bottle with three parts vinegar to one part water & spritz it on all your windows at night. In the morning, they'll be clear of icy mess.
- Vinegar contains acetic acid, which raises the melting point of water---preventing water from freezing!
- **Squeak-proof your car wipers with rubbing alcohol!**
- Wipe the wipers with a cloth saturated with rubbing alcohol or ammonia. This one trick can make badly squeaking & streaking wipers change to near-perfect silence & clarity.
