WHAT’S UP AT ICLRU?

NOTES FROM THE CENTER

INSTITUTE FOR CONTINUED LEARNING
AT ROOSEVELT UNIVERSITY

ICLRU has been informed that Roosevelt University is now restricting the sale of AMC movie tickets to current RU Schaumberg college students only. The movie tickets will no longer be available to ICLRU Members or Roosevelt University faculty/staff/alumni. This new policy is effective immediately.

We have been reminded to ask that members not wear perfume/cologne to classes. It’s unfortunate that members sometimes need to leave early due to strong scents. Many are not bothered by it....but some members are sensitive and become quite ill. Your understanding and assistance will be greatly appreciated.

Thank you for your attention to this matter.

Mar. 4: How do you decide what to believe from the various media sources?

ICLRU member, Jack McKee, stopped to see Ernie Banks’ statue at Daley Plaza the day before Ernie’s 84th birthday. One of the many articles Jack read recently about Ernie’s life referenced a Bible verse that he could have used. Psalms 118:24: “This is the day which the lord hath made; we will rejoice and be glad in it.”

PICTURES FROM DOWN UNDER

The ICLRU Intrepid Travelers safely reached California and were ready to board a *really big plane* to begin their adventure. There are 4 on the trip for Mah Jongg!

All is well. The airplane flight from LA to Melbourne wasn't bad at all. We spent a couple of days in Melbourne and we are now enjoying 90 degree, sunny weather in Alice Springs.

We stopped today and did some camel riding. (Renata Riccoban and Joan Reisen on camelback!)

We arrived at Uluru now and are headed out to do some exploring. It's about 95 degrees. Sue Harty loves it!!!

A few of us took a scenic plane ride from Milford Sound back to Queens-town, New Zealand. Spectacular!!!!

**World War II: Life in Chicago**

Over seven decades ago, Chicagoans had to come to grips with a cold, hard fact: The country was at war. Women by the droves went to work in defense plants and Chicago soon led the nation in war production. Consumer goods were scarce and rationed, so many people bought war bonds instead. Even children got into the war effort, buying 25-cent savings stamps, and bringing paper and kitchen fat to school during scrap drives. And of course, families waited fearfully for news of loved ones overseas. [Click Here](#) to see some fascinating pictures of this era in Chicago. (Thanks to Joan Brody for alerting us to this)
