Coordinator: Jan Brietze

Part biography and part film class. I'll compare the biographies of Agatha Christie and Margaret Rutherford. Then each week we will watch one of the four film performances of Margaret Rutherford as Miss Marple. For many of us, Margaret Rutherford introduced us to Miss Marple. For those of us who have fond memories of these films, or for those of you who have never seen them, please join us for a trip down memory lane as we go back in time, to a more gentle mystery story, and one of the best crime solvers of all time. **Week 5 will be a surprise!**
PLEASE NOTE THE EARLY START TIME

Each week, IT'S YOUR BODY welcomes a professional visiting guest speaker from the medical or related field who will keep us current with helpful information on healthy living and keeping that amazing body of ours tuned and humming! There will be a different destination every week. During the first hour, there will be a bit of history and some fun facts in PowerPoint format. A homemade DVD will be shown during the second hour. Audience participation is encouraged as many of you have been to these places or would like to go and have questions.

TUESDAYS 1:00-3:00 (Con't)

BACKGAMMON

Coordinator: Darlene Brill

Once the domain of royalty, this thousands-year-old game is enjoyed today by everyone. It's a combination of luck, skill and strategy. Learn a bit of the history of backgammon, its terminology, how to play and what that strange numbered cube is for. Bring a backgammon game (or print the one I'll send). Although this class is for beginners, everyone is welcome to just come and play.

WEDNESDAYS 9:30-11:30

ED SULLIVAN AND THE BEATLES

The second hour would include a DVD presentation of the complete Ed Sullivan show including all four of the Beatles performances.

POMP AND CIRCUMSTANCE: MUSIC OF CELEBRATION, CEREMONY, AND TRIBUTE

Coordinator: Steve Wolf

Join us as we enjoy and learn about music that celebrates good times, achievements great and small, coronations and victories, weddings and graduations. We'll include musical tributes to success, to love, to friendship, to one's people--country, nationality, culture--and to music itself. Our classes will represent a variety of types of music. We'll listen and also find out about the "back stories" connected with the music. Participants will be invited to suggest and share relevant examples.

THURSDAYS 9:30-11:30

ALL THE CHALLENGING ASPECTS OF AIRLINE FLYING TODAY

Coordinators: Captain Bob Bos, retired B-747 Captain, United Air Lines and George Venetis

Many people aspire to become airline pilots. This is a very exciting and rewarding profession. The requirements are quite challenging, however. We will discuss what's required for the major airlines today, and what kind of training is involved. Review of the passenger safety card as well as evacuation procedures will be presented in addition to where the safest passenger seats are located in the aircraft. A three-part episode called "The City in The Sky" will be shown indicating the three sequences of a typical airline flight, and we will talk about the "Planes that Changed the World". Some of Captain Bos' own experiences flying the line will be discussed. Three of the world's worst Airline Disasters, including the Chicago O'Hare DC-10 accident of 1979, will be shown as well as a number of other disasters. We will analyze and discuss the reasons for these accidents..

THURSDAYS 9:30-11:30 (Con't)

COME PLAY BRIDGE

Coordinator: Andrea Zietlow

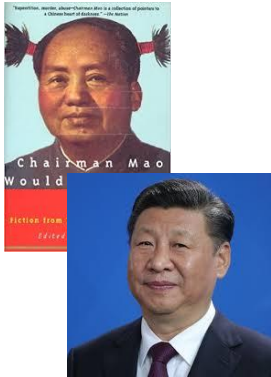

This study group is for people who already know how to play bridge. Join us if you would like to meet other ICLRU members who play and want to have more opportunities to play the game. We welcome those who have recently learned the game as well as intermediate and advanced players. We will be playing for FUN, not cutthroat! Hopefully we can all learn from one another. **NOTE: This is a continuation of the study group that began in Spring, 2015, but new participants are always welcome.**

THURSDAYS 1:00-3:00

CHINA: MAO TO NOW

Under Chairman Mao Tse-tung, China experienced the Great Leap Forward, the Great Famine, and the Cultural Revolution. In the years after Mao, China has seen major changes. The presenters will share insights from their recent tour of China with the ICL Travel Club. We will also discuss issues with China today. Is capitalism taking root in China? Is China the biggest threat to the security of the USA?

THE KOREAN WAR

Coordinators: Les Miller and Bill Amster

This study group will focus primarily on the political aspects of the war and secondarily on the military aspects. Topics covered will include the background and causes of the war and how it has influenced U.S. foreign policy and international relations.
