David Sullivan asked to address the Board to request that they consider the possibility of increasing the current membership fee. The fee was raised from $100 to $110 per year in July of 2003 and he felt an increase is long over due. He cited the need for a surplus in funds to cover the possible cost of hiring people to development and implement projects that will benefit members. He also asked the Board to revisit the length of the grace period given to members whose membership dues are past due.

Sue Harty thanked David for his input and told him that his suggestions would be discussed in the near future by the Board.
