

# ICLRU UPDATE

INSTITUTE FOR CONTINUED LEARNING, ROOSEVELT UNIVERSITY

## WHAT'S UP AT ICLRU?

### *Summer Study Group Proposals are Due Soon!*

ATTENTION ALL ICLRU MEMBERS...

*We'd like to see some more Summer study group proposals coming in. We need your participation to keep our wonderful organization thriving. Please submit your Summer study group proposal to Steve Wolf at [stevengwolf@att.net](mailto:stevengwolf@att.net) by April 18th.*

*You might be asking yourself "Why should I be a Coordinator?"*

*Well there's lots of reasons: **Develop** your leadership skills, research skills and technical skills with the able help of techies at ICLRU; **Get to know** more people, better, as you lead a class; **Save a bit of cash** with the Coordinator membership discount; **Get priority registration** for your favorite study groups; **Exercise your brain** which forestalls cognitive decline, while you are sharing your expertise in whatever turns you on...gardening, antiques, collecting, travel, history, whatever.*

*Simply put - it's satisfying.*

## NOTES FROM THE CENTER

Occasionally ICLRU members drop into the Center and mention that they are having hardware problems with computers and/or printers.

Several of our members have used the services of Paul Chelmecki, a computer consultant who owns a company called NANOTECH COMPUTER SERVICES.

He has helped several ICLers with difficult computer problems, including David Sullivan, Harry Trumfio, right here in the Center, and others.

He fee is a reasonable \$60.00 for a "tuneup", cleaning up unnecessary files, cookies implanted during contact with internet companies as well as increasing computer speed, making that pesky wireless printer work, etc. If you're having problems, you might want to contact him.

He can be reached at 630-708-8324 or [info@NTCOnline.com](mailto:info@NTCOnline.com)
