

JOINING A ZOOM CLASS

1. If you are joining from a device with a camera and microphone, all you need to do is click on the link for the class you wish to attend. (Some desktops and most laptops, tablets, and cell phones have a camera and microphone.)
2. If you are joining from a device without a camera and microphone, you will still be able to see and hear the presentation by clicking on the link. If you would like to be able to talk, you will need to call the phone number given. You will then be asked to provide the meeting ID and password.
3. You can join a meeting up to 15 minutes early. Attendance is limited to the first 100 participants.
4. For some devices such as iPads, tablets, and smartphones, you may need to open a Zoom account before you are able to join a meeting. Just go to Zoom.com and follow the directions. It's free. Each week on Saturday, we will send a list of the upcoming week's classes, with the links to join them included.
5. If you have any difficulties, please email Bill Amster at caryn120@comcast.net and explain the problem. We will then try to work with you to resolve the issues.
